To whom it may concern,

The safety net program is very helpful in various ways. It helps me set realistic goals and deadlines to get things done in a timely manner. The program provides resources and helpful information that enable me to meet my family's needs. It provide funds that is necessary to maintain a stable home such as funding for light and gas, traveling expenses which I use to go to and from doctor's appointments, school etc. I strongly believe that the safety net program should continue to help people in need to help them be self-sufficient and out of poverty.

Thank you,

Alicia Lugg
